Cough, Cold and Allergy (Hay Fever) Remedies in Argentina

September 2025

Cough, Cold and Allergy (Hay Fever) Remedies in Argentina - Category analysis

KEY DATA FINDINGS

2025 DEVELOPMENTS

Sales recover, driven by better economic conditions and an increase in allergy and cough remedies

Arcor leads and enjoys significant dynamism thanks to affordable medicated confectionery

Pharmacies remains the leading channel due to government regulations banning online sales of OTC remedies

PROSPECTS AND OPPORTUNITIES

Further growth expected, driven by a positive economic climate and warmer weather

Further switches from RX to OTC may give extra fuel to decongestant sales

Medicated confectionery set to benefit from low prices and emphasis on sugar-free variants

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
