# Paediatric Consumer Health in Ukraine

October 2024

Table of Contents

KEY DATA FINDINGS

2024 DEVELOPMENTS

Demographic factors remain an obstacle to growth but signs are more positive as parents prioritise spending on their children  
Parents show willingness to self-medicate coughs and colds, with a growing emphasis on preventative health measures  
Competitive landscape remains fragmented with Nurofen remaining on top

PROSPECTS AND OPPORTUNITIES

A bright outlook for paediatric consumer health with parents putting their children’s health first  
Sales of vitamins and dietary supplements set to benefit from the improving economic situation  
Self-medication could become prominent when treating milder symptoms

#### About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
