DISCLAIMER

ANALGESICS

Key Data Findings

2025 Developments

Moderate growth in demand for systemic analgesics in Panama due to already high penetration and controlled seasonality in endemic conditions

Tylenol consolidates its positioning with geographic coverage and low-cost packaging

Chained pharmacies lead the distribution of analgesics with a growing portfolio and highly competitive prices

Prospects and Opportunities

High penetration and the prospect of slow premiumisation project moderate growth of analgesics over the forecast period

In systemic analgesics, claims of rapid relief and immediate assimilation formats are the focus of innovation

Topical analgesics/anaesthetic increasingly characterised by a focus on natural formulations

COUGH, COLD AND ALLERGY (HAY FEVER) REMEDIES

Key Data Findings

2025 Developments

Mixed trends in the prevalence of respiratory infections, colds and allergies moderates category growth

The global brand Panadol is strengthened by its local production and solid local logistics structure

Competitive prices and expert advice favour the expansion of pharmacies

Prospects and Opportunities

Environmental impact triggers increasing prevalence of respiratory problems and allergies over the forecast period

Claims of multi-symptom relief resonate with Panamanians

Consumers increasingly adopt preventive immunological behaviour

Category Data

DIGESTIVE REMEDIES

Key Data Findings

2025 Developments

Poor eating habits, a sedentary lifestyle, and high stress levels among Panamanians are driving the demand for digestive remedies

Global brands lead in digestive remedies with a solid distribution structure

Pharmacies consolidate in digestive remedies with a growing omnichannel strategy

Prospects and Opportunities

The incidence of digestive disorders among Panamanians continues to grow

Digestive enzymes gains ground, diversifying usage for more specific purposes

Interest in dietary supplements for intestinal health is a growing trend among certain local consumer groups

Category Data

Table 27 - Forecast Sales of Digestive Remedies by Category: % Value Growth 2025-2030

DERMATOLOGICALS

Key Data Findings

2025 Developments

Higher humidity levels cause a higher prevalence of fungal skin diseases

Leading brands focus on introducing new, more potent formulas and addressing a broader range of dermatological symptoms

Pharmacies holds an important role in dermatologicals through its wide range of treatments for conditions and for aesthetic improvements

Prospects and Opportunities

Young generations of Panamanians increasingly prioritise dermatologicals, favouring the category's development

Medicated anti-hemorrhoidal wipes have potential for launch in Panama

Incidence of psoriasis continues to grow over the forecast period

Category Data

Table 33 - Forecast Sales of Dermatologicals by Category: % Value Growth 2025-2030

WOUND CARE

Key Data Findings

2025 Developments

Slow growth in sales of wound care in 2025

Nexcare expands its portfolio with options for more specific wound types and body areas

Price competitiveness is a factor driving the popularity of pharmacies in wound care

Prospects and Opportunities

Moderate development of wound care with some dynamism driven by specific consumer groups

Moisture-controlled wound healing technologies gain traction due to Panama's climatic conditions

Environmental claims on wound care products yet to be marketed in Panama

Category Data

VITAMINS AND DIETARY SUPPLEMENTS

Key Data Findings

2025 Developments

Preventive health practices are more frequently adopted by Panamanians, boosting demand for vitamins and dietary supplements
Nature's Bounty strengthens its positioning by offering supplements for more specific purposes and frequent promotional campaigns
Pharmacies expand their dietary supplement offerings, renovating their physical stores, and accelerating the development of their retail e-commerce platforms

Prospects and Opportunities

Products designed to promote gut health grow thanks to rising purchasing power and an increasingly aware consumer base
Personalisation begins to take root in dietary supplementation
The search for healthy ageing is increasingly relevant among Panamanians

Category Data

WEIGHT MANAGEMENT AND WELLBEING

Key Data Findings

2025 Developments

Weight management and wellbeing shifts towards faster weight loss alternatives, impacting the performance of OTC weight management and wellbeing products
Enterex strengthens its position in Panama in supplement nutrition drinks
The retail e-commerce channel is expanding its wellbeing product offering with a growing portfolio and frequent exclusive online offers

Prospects and Opportunities

While weight loss remains important for Panamanians, this may not boost sales of OTC weight management and wellbeing products over the forecast period
Supplement nutritional drinks increase in popularity while consumers increasingly demand personalised formulations
Weight control supplements with naturally sourced compounds continue gaining ground

SPORTS NUTRITION

Key Data Findings

2025 Developments

Sports nutrition expands its positioning to a more mass audience
GNC consolidates its position among the leading sports nutrition brands with an omnichannel strategy and loyalty programmes
Pharmacies compete more aggressively in sports nutrition with portfolio expansion and lower outlay formats

Prospects and Opportunities

Promising prospects for sports nutrition in Panama over the forecast period

Plant-based proteins drives innovation in sports nutrition

Sports protein RTD evolves toward multifunctionality and hydration

Category Data

HERBAL/TRADITIONAL PRODUCTS

Key Data Findings

2025 Developments

Demand for herbal/traditional remedies continues to grow, although sales are migrating towards industrialised formats

Growing preference for natural ingredients boosts demand for herbal/traditional remedies

Pharmacies strengthens as a comprehensive channel for health and beauty products, thus benefiting the offering of herbal/traditional products

Prospects and Opportunities

The perception that herbal remedies are healthier for the body is gaining ground among Panamanians

Innovations in herbal/traditional dietary supplements target more specific demographics

Although the legalisation of medical cannabis has been ongoing for several years, regulatory delays have hampered its commercialisation in Panama
