South Korea: Consumer Profile

July 2026

Table of Contents

INTRODUCTION

Scope

Key findings

Key drivers affecting consumers in South Korea in 2025

How developments today shape consumer of tomorrow

POPULATION AND SOCIETY

Today 2025: Population starting to decline

The world's lowest fertility rate shrinks the population

Cholesterol leads the risks in an ageing society

Tomorrow 2040: 65+ year-old age group is the only one predicted to grow

Population falls to 50 million, as it grows older

Older cohorts dominate as the workforce contracts

Opportunities for growth

Case study: The world's lowest birth rate reshapes demand

HOUSEHOLDS AND HOMES

Today 2025: Share of single-person households exceeds regional and global averages

Single-person households are now the leading type

Apartments dominate, while renting remains common

Tomorrow 2040: Sharp fall in the number of couples with children households

Household numbers keep growing, even as population falls

Digital life and banking are near-universal

Opportunities for growth

Case study: The solo economy becomes the mainstream

INCOME AND EXPENDITURE

Today 2025: Unemployment and inflation are low

Low-income households face greater inflation and cost-of-living pressures

Cautious consumers prioritise value, security and quality despite stable economic conditions

Tomorrow 2040: Average rural income set to overtake average urban income

Poverty among the elderly shadows a wealthy economy

Consumer spending to pass USD1 trillion by 2040

Opportunities for growth

Case study: A super-aged society and its two-speed seniors

LIFESTYLES

Key findings of consumer survey

Baby Boomers most likely to seek healthy food and beverages, and high-quality essentials

Value and quality over quantity

Sustainability and healthy ageing shape values

High savings mask subdued confidence and persistent financial caution among consumers

Job security dominates as AI drives reskilling and workforce transformation

Opportunities for growth

Case study: Coupang sets the pace in digital retail

CONCLUSION

Key takeaways

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research

spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
