Navigating increased borrowing costs high on business agenda in 2024-2025

NAVIGATING HIGH BORROWING COSTS

Companies focus on freeing up cash and keeping costs in check...

...while restructuring debts and seeking alternative financing options

Consumers further adjust their budget and capitalise on higher savings return

Case study: Intel employs cost-cutting measures to preserve capital

Case study: Apple offers no-fee, high-yield savings account in the US

CONCLUSION

Key takeaways

Strategies to win in a high interest rate environment

Questions we are asking

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/new-economic-reality-navigating-high-interest-rates/report.
