Our expert's view of Toys and Games in 2026

INTRODUCTION

Top five trends in Toys and Games

Top five trends uncovered

Drivers of consumer markets and impact on Toys and Games

Adjacent industries and how they impact Toys and Games

STATE OF THE INDUSTRY

Pockets of growth in mobile games and construction despite muted forecast outlook

In an increasingly digital world, European consumers continue to value physical play

Video games are the primary growth engine, but traditional toys remain resilient

Traditional toys manufacturers need to start focusing on LATAM and Eastern Europe

STATE OF THE INDUSTRY

Companies will lose younger consumers if they do not design the toys for s-commerce

COMPANIES AND PRODUCTS

Tencent and Hasbro on the path to recovery after overcoming challenges

COMPANIES AND PRODUCTS

The cute economy propels rapid growth of Jazwares and PopMart

Smaller players are gaining at the expense of leading companies

Licensed IPs targeted at kidults are the magic potion for growth

Construction and licensed toys fastest growing despite the rise of blind collectibles

CHANNELS

E-commerce fastest growing as video platforms become the new toy aisle

Toy buyers still want the instant gratifications and experience of buying from stores

FUTURE OUTLOOK

China is the only major market projected to buck the video games forecast growth trend

Developed markets growth driven by video games

Asia Pacific powers growth as traditional toys sales in the West are projected to plateau

Construction and licensed IPs help to sustain traditional toys growth

CONCLUSION

While video games are driving growth, traditional toys have growth opportunities too

Opportunities for growth

Our expert's view of Toys and Games in 2030

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover

a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
